TO: Rob Harris
Youth Prison Prevention Project

FROM: Anne Conable 
Manager, Community Engagement

Rob, thank you for presenting your "Stop Bullying" music video program here at the Downtown Library on April 8. The program definitely has appeal for teen audiences but attracted the attention of a number of our adult guests as well that day.

As you know, the Library does a collaborative public awareness project during the month of October called "Bullying Stops Here Month"; we will invite you back to repeat the program here and at several of our City libraries I hope you'll be open to that later this year.

We are happy to partner with you in the future as we have in the past, and wish you well in your efforts to redirect the paths and energies of Buffalo's youth.
